CONTROLS

Combo Attack Button Sequences

Standard combos have varying effects. Depending on which Warrior executes the move, certain combos result in quick stuns, knockbacks, knockdowns or extreme knockdowns (send the victim flying into crowds). The less health your opponent has, the greater the effectiveness will be.

Combos started with a light attack:

- □ / □ × (stun or knockdown)
- □ □ (stun or knockback)
- □ × (knockback or knockdown)

Combos started with a heavy attack:

- × × (heavier damage)
- × □ (knockback or knockdown)

Power Move Combos

Each Warrior has 4 Power Move combos; 2 for normal fighting and 2 for Rage Mode. The Rage combos end in a devastating blow. To initiate these combos from a grab or a mount, press × + □. When the timing is right, press × two or three times to reign down the blows.

Warchief Commands

The player at anytime can give 6 commands to their fellow Warriors. To initiate Warchief commands, hold down the **R2 button**. Once it is pressed the 6 commands will appear in a ring on the bottom part of the screen. Use the **right analog stick** to select a command and then release the **R2 button**.

WRECK 'EM ALL:

Warriors will look for an enemy to attack or ready themselves with weapons.

MAYHEM:

Warriors will smash up anything in sight (cars, stores, street objects...).

LET'S GO:

Warriors will follow the player.

SCATTER:

Warriors will split up and look for hide areas when chased by cops.

WATCH MY BACK:

Warriors will defend the area where the player is standing.

HOLD UP:

Warriors will stand their ground.

The Warriors

A battle on the streets of New York City looms. The armies of the night number 60,000 strong, and tonight they're all after The Warriors - a gang wrongly accused of killing a rival leader.

The Warriors must now make their way from one end of New York to their turf on the other side of the city.

THE WARRIORS

CONEY ISLAND, BROOKLYN

Reigning over their home turf of Coney Island in Brooklyn, led by Cleon, The Warriors have built a reputation as one of the toughest gangs in New York City. The Warriors' strength comes from the fact that each member brings their own unique toughness and skills to the gang. When brought together as a whole, The Warriors are able to make it through the perils of New York City gang warfare.

GANG GUIDES

Cleon

As Warlord, Cleon is the leader of the Warriors. He is the foundation of this gang.

Swan

The Warchief: second in command. A man of few words who thrives on action. A loner willing to step up when it counts.

Rembrandt

The youngest of the gang. A writer that gets up whenever he can. A little soft around the edges, but still able to maneuver around any obstacle.

Snow

A real heavy soldier. Disciplined, independent and reserved. He can rumble with the best of them.

Ajax

The Muscle: cocky, loud and always up for a rumble. A loner who looks out for himself.

Vermin

A pretty heavy brawler. Pessimistic but loyal. A reliable ally who won't disappoint.

Fox

The Memory Man. Street smart and quick witted; a perfect scout.

Cochise

A real live soldier. Looking for a good time and all the action he can handle.

Cowboy

A voice of reason. Goes along with the group, always wearing a Stetson.

GANG GUIDES

DESTROYERS

CONEY ISLAND, BROOKLYN

The original Coney Island gang and led by a backstabbing drunk, Virgil. The Destroyers are a pretty heavy set and put up some solid opposition in the battle for Coney's turf.

PUNKS

BOWERY, MANHATTAN

The Punks are a serious bunch of brawlers. Mean mothers looking for a good time and a good fight. This clique won't back down from anything.

THE LIZZIES

UNION SQUARE, MANHATTAN

The Lizzies are an all girl gang who can hang with the boys. Using their God-given gifts to their advantage, The Lizzies can easily sneak their way past any crew's defense.

HI-HATS

SOHO, MANHATTAN ➤

A quiet, but solid clique from Soho that dress like mimes. Very territorial, the Hi-Hats won't let anyone drop their colors where they don't belong. Led by Chatterbox, these self-proclaimed art aficionados are a messy set to battle with.

SAVAGE HUNS

CHINATOWN, MANHATTAN

The Savage Huns are skilled in Martial Arts and can withstand a hefty beating. They deal in extortion and loan-sharking and have some heavy numbers. Their Warlord, Ghost, is a very spiritual and disciplined martial artist who never speaks.

JONES STREET BOYS

BENSONHURST, BROOKLYN

A cocky bunch of trust fund kids who live in a world where money isn't an object and petty crime is just a thrill ride. Still a set that can fight with the best, the Jones Street Boys have Bensonhurst locked up tight.

TURNBULL AC'S GUNHILL, THE BRONX

A bunch of tough, crass anarchists looking to rock or rumble any chance they get. One of the heaviest sets in the city, these skinheaded thugs are a serious outfit to contend with.

BOPPERS HARLEM, MANHATTAN

Tough enough to keep other colors off their turf, the Boppers keep Harlem smooth. A softer set that grooves with style instead of muscle.

HURRICANES

SPANISH HARLEM, MANHATTAN

The Hurricanes are a family based set, made up of hustlers and swindlers. These brawlers drop their colors in Spanish Harlem and love a dirty fight.

ORPHANS

TREMONT, THE BRONX ➤

ORPHANS

A small time outfit that keeps trying to move up by boasting about raids that never happened. At the bottom of the minor leagues, they try to make up for being soft by swarming with numbers; but a crew that can't battle doesn't have much of a future.

GANG GUIDES

MOONRUNNERS

PELHAM, THE BRONX

The Moonrunners put more emphasis on getting up than they do brawling, but they aren't afraid to drop the paint and battle it out when other crews come armying into their train yard.

BASEBALL FURIES

RIVERSIDE PARK, MANHATTAN

A group of real major leaguers who bring their A-game to every rumble. Packing bats and plenty of muscle, the Baseball Furies' rep stretches through every network in NYC.

GANG GUIDES

ROGUES

HELLS KITCHEN, MANHATTAN

A group of outcasts and punks, the Rogues are chaotic. They're not the heaviest set in the city, but their abrasiveness and unpredictability even out the odds.

SATAN'S MOTHERS

SHEEPSHEAD BAY, BROOKLYN

One of the heaviest sets in New York. The Satans Mothers are a ruthless gang who deal in knives and flash. They won't let anyone mess with their rep.

GANG GUIDES

RIFFS

GRAMERCY, MANHATTAN

RIFFS

The Riffs are the biggest gang in NYC, controlling and influencing every piece of turf in the city. Their president is Cyrus, a poetic revolutionary who envisions one unified gang ruling the streets.

SARACENS

BENSONHURST, BROOKLYN

A serious set from Brooklyn that won't hesitate to bring down a whole clique if that's what it takes to survive. Street smart and strategic, they've earned a lot of respect from other gangs.

Mugging

Grab your victim by pressing **○** and to initiate mugging, press **△**. Once initiated, two status bars will appear: the player's mugging progress (top bar) and the victim's struggle progress (bottom bar). In order to complete the mugging, the player's bar must be filled before the victim's. By rotating the **left analog stick**, the player must find and hold the vibration to complete the mugging process.

Breaking and Entering

Some buildings can be entered by either smashing the windows or if gated, the player can pick the locks. To initiate the lock-picking process, simply press **△** and three sets of "tumblers" that spin from largest to smallest will appear. When the 1st tumbler is in the red field, press **×**. Repeat this process three times and the lock will be picked. If the tumblers are aligned in the darker red area the alarm will not go off. Once inside, smash out display cases and grab the items by pressing the action button **△** for cash bonuses.

Stealing Car Radios

The player can steal car radios, which are visible through the windows of parked cars. To steal a car radio, break the window then press **△** to begin unscrewing the screws of the car radio. Rotate the **left analog stick** in a counterclockwise motion and once all four screws are removed the radio will be acquired.

GAMEPLAY

Hide Areas

The player can hide in certain areas. These areas will be distinguishable by a very dark patch of ground and dim lighting. Once inside a hiding area, the radar will tint blue and the character will automatically go into a crouched position indicating that they are now in stealth mode.

Stealth Maneuvers

Once the player is hidden and in stealth mode, approach the enemy and hold the **L1 button** to manually lock-on to the target. The character will raise their hand when in range to perform a stealth attack. Press **X** or **□** to take down an enemy silently.

Weapons and Lures

Almost any object can be turned into a melee or projectile weapon.

Some melee weapons include baseball bats, pool cues, table legs, machetes and knives.

Some projectile weapons include TVs, chairs, bottles, bricks and Molotov cocktails. Projectile weapons are aimed automatically.

All projectile only weapons can be used to cause distractions. By throwing an object into a wall or another object, the player can cause police and enemies to investigate if they are within earshot of the sound. Press the **L1 button** to aim manually for more accurate throws.

Money, Items, Dealers

Money is acquired by stealing certain valuables from stores and cars, mugging, beating down enemy gang members as well as pedestrians.

Money can be used to purchase items from dealers such as Flash, spray paint and knives.

GAMEPLAY

Health and Reviving

If your Warrior is low on health, use Flash to revive your health by pressing the **right directional button**. Flash can be purchased from dealers, found in stores or picked up as a power-up. If a fellow Warrior is down, stand next to him and press the **left directional button** to revive him. If the player is knocked out, a conscious Warrior will come to the player's aid and revive the character.

Note: this will only work if the player has Flash in their inventory.

Tagging

In some missions tags can be dropped in areas where indicated by an icon. In most areas you can snuff over a rival gang's burner that won't necessarily have an icon attached to it.

Spray paint can be bought from street dealers. Paint power-ups can also be found in some levels or on some downed enemy gang members as well as hardware stores.

Press **A** to initiate the tagging process. Trace the shape that appears on the screen by moving the left analog stick along the path.

GAME MODES

Story Mode

In the Story Mode, follow The Warriors from the early beginnings and through their fight against some of the toughest New York City gangs.

Rumble Mode

Rumble Mode is a multi-player mode comprised of many mini-games in arena-style settings. The player will be able to unlock different arenas based on their progress throughout the game. The player can also unlock different character models to use in a "Create a Gang" feature that is available within rumble mode. Rumble Mode can be single-player, co-operative play, or versus match between two players. There are numerous game modes and environments.

Two-Player Game

The Warriors allows for two players to play through the entire story mode co-operatively. To initiate press the **START button** on the controller in controller port two.

GAMEPLAY TIPS

Completing bonus missions around The Warriors turf will unlock items and abilities that will help the player throughout the Story Mode.

When being pursued by the police, the player should try to hop fences, cut corners and move to higher ground as the police are much less capable than The Warriors at traversing the urban landscape. Using Hide Areas will also provide safety from the police.

If the player is mugging someone and another pedestrian decides to call the police, the player can issue the **WRECK 'EM ALL** command and The Warriors will try to stop the pedestrian from alerting the police.

When the player manually locks onto an enemy using the **L1 button** and issues the **WRECK 'EM ALL** command, The Warriors will move to attack the enemy that is being targeted.

Weapons are much more effective than fists when trying to break through tough objects like doors or cabinets.

Every Warrior has strengths and weaknesses. For example, some are better at mugging where others may be better at lock-picking. When getting cash, try to choose activities that are suited to the Warrior that is the acting Warchief for a given level. To check a Warrior's stats refer to the **STATS** section on the pause menu.

When being pursued by the police, issue the **SCATTER** command. This will cause The Warriors to seek out Hide Areas and areas which are safe from the police.

When entering a store issue the **MAYHEM** command to have The Warriors clear out the valuable items from the store.

Don't leave The Warriors too far away or they will not be able to uncuff or revive the player. If the player is too far away to issue a command then they are unable to be helped by a fellow Warrior.

GAMEPLAY TIPS

- Use rooftops whenever possible. Enemies and Police will have a much harder time locating the player if the player is on a rooftop.
- Sometimes the trunk of a car can contain a useful item or power-up.
- As the player decreases an enemy's health, the enemy will become weaker making them a much easier opponent.
- Certain moves like wall-smashes, mounts and power moves require extra endurance to be performed.
- Keep a close watch on debris around the city - many items will break into smaller, more deadly weapons.
- Complete Story Mode to unlock Rumble Mode characters and levels.
- Remember to look out for those down on their luck, throw them a dime every once in a while - they may help you in return.
- When down, quickly press any button to stand up faster.
- When timed right, stand up with a counterattack by pressing any attack button.
- Press the **L2 button** at any time to release your target.
- Hold the **L2 button** and run to make a quick break from any fight.
- Quickly press  to break free from a grapple.
- Quickly press the **R1 button** to reverse a grapple.
- When sprinting, hit  to unleash a cross body attack or  to charge.

YOUR USE OF THIS SOFTWARE IS SUBJECT TO THIS LIMITED SOFTWARE WARRANTY AND LICENSE AGREEMENT (THE "AGREEMENT") AND THE TERMS SET FORTH BELOW. THE "SOFTWARE" INCLUDES ALL SOFTWARE INCLUDED WITH THIS AGREEMENT, THE ACCOMPANYING MANUAL (S), PACKAGING AND OTHER WRITTEN, ELECTRONIC OR ON-LINE MATERIALS OR DOCUMENTATION, AND ANY AND ALL COPIES OF SUCH SOFTWARE AND ITS MATERIALS. BY OPENING THE SOFTWARE, INSTALLING, AND/OR USING THE SOFTWARE AND ANY OTHER MATERIALS INCLUDED WITH THE SOFTWARE, YOU HEREBY ACCEPT THE TERMS OF THIS LICENSE WITH ROCKSTARGAMES, INC. ("LICENSOR").

LICENSE. Subject to this Agreement and its terms and conditions, LICENSOR hereby grants you the non-exclusive, non-transferable, limited right and license to use one copy of the Software for your personal use on a single console. The Software is being licensed to you and you hereby acknowledge that no title or ownership in the Software is being transferred or assigned and this Agreement should not be construed as a sale of any rights in the Software. All rights not specifically granted under this Agreement are reserved by LICENSOR and, as applicable, its licensors.

OWNERSHIP. LICENSOR retains all right, title and interest in this Software, including, but not limited to, all copyrights, trademarks, trade secrets, trade names, proprietary rights, patents, titles, computer codes, audiovisual effects, themes, characters, character names, stories, dialog, settings, artwork, sounds effects, musical works, and moral rights. The Software is protected by United States copyright law and applicable copyright laws and treaties throughout the world. The Software may not be copied, reproduced or distributed in any manner or medium, in whole or in part, without prior written consent from LICENSOR. Any persons copying, reproducing or distributing all or any portion of the Software in any manner or medium, will be willfully violating the copyright laws and may be subject to civil and criminal penalties. Be advised that Copyright violations are subject to penalties of up to \$100,000 per violation. The Software contains certain licensed materials and LICENSOR's licensors may protect their rights in the event of any violation of this Agreement.

LICENSE CONDITIONS

You agree not to:

- Commercially exploit the Software;
- Distribute, lease, license, sell, rent or otherwise transfer or assign this Software, or any copies of this Software, without the express prior written consent of LICENSOR;
- Make copies of the Software or any part thereof;
- Except as otherwise specifically provided by the Software or this Agreement, use or install the Software (or permit others to do so) on a network, on-line use, or on more than one console at the same time;
- Copy the Software onto a hard drive or other storage device and run the Software from the included CD-ROM (although the Software may automatically copy a portion of itself onto your console during installation in order to run more efficiently);
- In the use of the Software at a computer gaming center or any other location-based use, provided that LICENSOR may offer you a separate site license agreement to make the Software available for commercial use;
- Reverse engineer, decompile, disassemble or otherwise modify the Software, in whole or in part;
- Remove or modify any proprietary notices or labels contained on or within the Software; and
- Transport, export or re-export (directly or indirectly) into any country forbidden to receive such Software by any U.S. export laws or accompanying regulations or otherwise violate such laws or regulations that may be amended from time to time.

LIMITED WARRANTY. LICENSOR warrants to you (if you are the initial and original purchaser of the Software) that the original storage medium holding the Software is free from defects in material and workmanship under normal use and service for 90 days from the date of purchase. If for any reason you find a defect in the storage medium during the warranty period, LICENSOR agrees to replace, free of charge, any Software discovered to be defective within the warranty period as long as the Software is currently being manufactured by LICENSOR. If the Software is no longer available, LICENSOR retains the right to substitute a similar program of equal or greater value. This warranty is limited to the storage medium containing the Software as originally provided by LICENSOR and is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect has arisen through abuse, misstatement or neglect. Any implied warranties prescribed by statute are expressly limited to the 90-day period described above.

Except as set forth above, this warranty is in lieu of all other warranties, whether oral or written, express or implied, including any other warranty of merchantability, fitness for a particular purpose or non-infringement and no other representations or warranties of any kind shall be binding on LICENSOR.

When returning the Software subject to the limited warranty above, please send the original Software only to the LICENSOR address specified below and include your name and return address, a photocopy of your dated sales receipt and a brief note describing the defect and the system on which you are running the Software.

WARRANTY

IN NO EVENT WILL LICENSOR BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE SOFTWARE, INCLUDING DAMAGES TO PROPERTY, LOSS OF GOODWILL, COMPUTER FAILURE OR MALFUNCTION AND, TO THE EXTENT PERMITTED BY LAW, DAMAGES FOR PERSONAL INJURIES, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. LICENSOR'S LIABILITY SHALL NOT EXCEED THE ACTUAL PRICE PAID FOR USE OF THE SOFTWARE. SOME STATES/COUNTRIES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS AND/OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS AND/OR EXCLUSION OR LIMITATION OF LIABILITY MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS THAT VARY FROM JURISDICTION TO JURISDICTION.

TERMINATION. This Agreement will terminate automatically if you fail to comply with its terms and conditions. In such event, you must destroy all copies of the Software and all of its component parts. The Contractor/Manufacturer is the LICENSOR at the location listed below.

EQUITABLE REMEDIES. You hereby agree that if the terms of this Agreement are not specifically enforced, LICENSOR will be irreparably damaged, and therefore you agree that LICENSOR shall be entitled, without bond, other security, proof of damages, to appropriate equitable remedies with respect to any of this Agreement in addition to any other available remedies.

INDEMNITY. You agree to indemnify, defend and hold LICENSOR, its partners, licensors, affiliates, contractors, officers, directors, employees and agents harmless from all damages, losses and expenses arising directly or indirectly from your acts and omissions to act in using the Software pursuant to the terms of the Agreement.

NEW YORK, NEW YORK. This Agreement represents the complete agreement concerning this license between the parties and supersedes all prior agreements and representations between them. It may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be enforced only to the extent necessary to make it enforceable and the remaining provisions of this Agreement shall not be affected.
